

//FOR IMMEDIATE RELEASE//

Michael Reingruber appointed Vice President of Delta Solutions & Technologies, Inc. Reston, VA; January 27, 2010 - Delta Solutions & Technologies, Inc., a fast-growing provider of federal financial management systems, IT services and consulting to the U.S. Government, today announced that Michael J. Reingruber has joined the company as Vice President, with operational responsibility for several of the firm's major programs with federal civilian agencies.

Reingruber comes to Delta Solutions with over 20 years of experience developing, growing and leading technology-related professional services teams. He most recently served at Citizant as director of enterprise architecture programs and business development, with responsibility for consulting work at multiple federal agencies.

"We are delighted to have Mike's significant experience in both managing complex programs and building new business," said Tim Matlack, CEO of Delta Solutions. "He will help ensure quality work for our clients, and also provide leadership for expanding Delta's services."

"I am very excited to be joining Delta Solutions and working with Tim, the Board, and the rest of the Delta team and continuing its history of quality, on-time delivery," said Reingruber. "I am looking forward to contributing to its growth, providing support and a learning environment for our project teams, and further solidifying the partnership we have with our clients."

Reingruber previously served in senior positions with Plexus Scientific, Vocus, FutureNext and SRA International. He is currently serving a two year term as the vice president of Programs for the DAMA – National Capital Region Chapter.
