## **Delta Solutions & Technologies, Inc. Releases FinMart<sup>SM</sup> 1.0 Business Intelligence Product for Momentum® Financials**

Reston, Va. (January 6, 2009) – Delta Solutions & Technologies, Inc. (Delta Solutions) completed production of its new FinMart<sup>SM</sup> product which was developed to be used with CGI Federal's Momentum® Financials application. The product is complete and available for sale and distribution.

FinMart 1.0 for Momentum® Financials is a ready-to-go financial data mart and reporting application, which filters meaningful financial information directly from an existing Momentum® Financials application.

FinMart provides robust analytical reports and dashboards, giving users powerful tools to improve decision making and efficiency in the following key areas of Momentum® Financials applications:

- Journals and General Ledger
- Budget and Funds Availability
- Purchasing and Payables
- Accounts Receivable

### Key Benefits:

**Rapid Deployment** FinMart automatically integrates with Momentum® Financials (version 6.1 or higher) and allows rapid deployment of your data warehouse.

**Leverage Knowledge** FinMart allows your financial staff to react effectively and efficiently by providing powerful reports, dashboards and tools in conjunction with your Momentum® Financials system.

**Ease of Customization** FinMart is easily customizable to the needs of your organization. While FinMart comes with dozens of pre-configured financial reports, it also allows the user to create personalized reports or customize existing reports to fit the specific needs of an organization.

**Product Support** As an added-value, FinMart customers receive the benefit of technical support from the FinMart Product Team, as well as new releases of FinMart developed at Delta Solutions as they become available.

**About Delta Solutions**
