Delta Solutions & Technologies Awarded \$30 Million Contract from DOI for FBMS O&M

Herndon, VA/ Denver, CO (December 14, 2007) – Delta Solutions & Technologies, Inc., a Virginia-based, management and technology consulting firm was awarded an estimated \$30 million contract by the U.S. Department of the Interior (DOI) for Operations and Maintenance (O&M) services for the Financial and Business Management System (FBMS). Delta Solutions has been selected for a role that will be critical to the successful implementation of FBMS during the next five years. The contract was awarded with confidence in Delta's expertise in Federal financial practices and success in prior work with the FBMS Project Management Office (PMO). "DOI has been a client of Delta Solutions since 2001," said Jeff Elms, President and CEO, Delta Solutions. "We are pleased they continue to team with us to achieve their goals."

DOI implemented FBMS to consolidate legacy accounting and business systems and to move toward a unified business management system. It is crucial to the Interior's financial modernization strategy and future business needs of the department. FBMS will improve daily functions and help ensure the efficient use of limited resources. DOI's FBMS initiative includes, implementing a set of systems to provide consistent administration and management of the core finance, acquisitions, property, financial assistance, and budget formulation business areas for all DOI bureaus.

Delta Solutions will continue to work closely with the PMO to provide DOI with program administration and application management services for bureaus in production status. Support services will include project management, level two help desk support, issues management, functional training, application development, application security, technical application management, report development, change control and configuration management, system architect management, audit support, and business analysis.

The combined knowledge of the Delta Solutions team, coupled with access to SAP resources and support, will provide DOI with comprehensive O&M maintenance services of the highest quality. The Delta Solutions team includes members from Contrado Consulting, Thorben Consulting, Boggs Consulting, Acumen Solutions, Federal ERP, and Integrated Business Consulting.

This team brings forth an unmatched understanding of Interior and bureau policies and procedures, expertise in legacy systems used by DOI bureaus, and experience across all FBMS components including SAP, Prism and eGrantsPlus.

About Delta

Since inception in 1997, Delta has focused on teaming with clients to provide practical, value-added solutions that affect change and improve productivity. The results speak for themselves: solid industry reputation, long-term and repeat clientele, virtually no attrition and consistent growth through periods of economic uncertainty and corporate downsizing.
